

“Shop Local” for Small Business Season, Small Business Saturday & support Downtown Holiday Events

Small Business Saturday, an annual event that celebrates small businesses and encourages folks to shop locally at the start of the holiday shopping season has now become Small Business Season. This season supports small businesses by drawing attention to their importance to our local economy and the benefits to consumers who want access to unique products and experiences in their own community.

Many Long Island towns and villages offer incentives to attract people to shop throughout Small Business Season, and support our downtown events during the Holiday. Here are just a sampling of the many local downtown shopping and holiday events that can be found on Main Streets across Long Island: ***(To help add or revise this list contact the LI Main Street Alliance at ea@visionlongisland.org or text 631-804-9128)***
